She always looked forward to Barbara or Brian's visits with their little ones. Betty led by example showing how parenting and workplace could be accomplished.

“ *So very sorry to hear about Betty's passing. Your mom was always such a pleasant lady who always seemed to have a smile on her face. She never seem to be irritated by the pesky neighbor kid who just liked to walk over for a chit chat. I can still remember some of the cute outfits she gave me for feeding your dog princess when you were away. My condolences to your family. Karen (Slater) DeHeer*

“ Mrs Adkin was, in my youth, ahead of her time. To me, she was the first woman I'd met that gently, quietly promoted a woman's right to equality. She worked outside the home in an era where that was new, while keeping the balance of maintaining her parenting role, and managing household duties by expecting her husband and children to partner with her with equal responsibility. I can recall many instances where she encouraged Barbara, and I by extension, to not limit our thinking in what our capabilities were. She was intelligent, competent, independent, well spoken, and a compassionate mother.....all qualities I admired in her. Barbara, Brian and families, I'm so very sorry for your loss. Im sure that she will be so missed by you all.

I was lucky enough to meet Betty in November of 2004 when I started working at the Heart and Stroke Foundation office in Guelph. Betty had already been volunteering for 3 years and continued to do so for a total of 15 years and did virtually all of the banking. She showed me the ropes and our friendship grew from there. I feel honoured to count her as one of my dear friends. We chatted about life, family and what was going on in the world and often exchanged photos. She loved showing photos of family and their gatherings. Betty loved her children, her children's children and her children's, children's children! She was one proud Mom, Grandma and Great Grandma!

When we think of those companions who travelled by our side down life's road, Let us not say with sadness that they left us behind, But rather say with gratitude that they were once with us. Rest in Peace Bankin' Betty Adkin!! You are missed! You were one in a million!! Until we meet again, Love Beth Kerr

Dear Brian and Barbara and families. Our sincerest condolences on the passing of your mom. I will always remember Aunt Betty's laugh and gentle character and have many fond memories of visiting during the Christmas season and occasionally at other times all those years ago. And who could forget all those cards she sent for birthdays and Christmas over the years. Our thoughts are with you during this difficult time. Richard and Mary Lou Dubeau.

I enjoyed many days of working with Betty at the Heart and Stroke office in Guelph. She was totally in charge of her assigned duties as she was very efficient. However there was always times to chat about her family and her care for others. Betty was a wonderful person.
