“ It is so hard to believe Chip is gone. Wallaceburg has lost a very special person. It has been sometime since I last saw Chip. I am so grateful that he called me several weeks ago. I had no idea Chip was that ill. I am so glad that I have so many great memories and stories and because of them Chip will never be forgotten by me or all the other many people that can say, " Chip was a really good friend of mine". My sincere condolences to Darlene, Heather and Donnie. Gary Hamilton

“ *My condolences to Darlene and family. Chip was a friend and a one of a kind person. I called him Mr. Wallaceburg. I don't think in the recent past that I knew anyone that loved and worked as hard to make Wallaceburg a better place to live and work as chip did. He always had a smile and a joke. He would say "After everything is said and done, there is more said than done" and in many cases that true except for chip - he would say a lot but he also did a lot for his friends and his community. Chip will be sadly missed. Wallaceburg has lost a great friend, and one of its biggest supporters and promoters. Good Bye my friend and may you watch over all of us here in Wallaceburg from your place in Heaven*

Wallaceburg has an angel in heaven watching out for us!!! What a great man Chip was. He will be remembered for so many wonderful things that he did for others. He made many stops at the family workshop to say "hi" and tell his most recent joke. I remember when our boys were young we went into the polling booths to vote (Chip was running at the time) and the boys said very loud "Is this where we vote for Chipper" everyone in the place was laughing!!! He had many fans young and old.

Our thoughts and prayers go out to you Darlene and your family!! Tony Tammy Shayne and Dylan Dobbelaar

“ *Chip was great for Wallaceburg. Chip was always willing to help our youth. When our daughters were both on the girls WDSS soccer team, they won OFSSA and the whole girls soccer team had to go to Sudbury for the Ontario Championships. The problem was it was June 1 and the school's budget for this type of expenses was spent. Chip made a call to the bus company and one affordable bus was supplied to get the girls to Sudbury and back! Another time was when my daughter's prom was held at the CBD club. My daughter made a call to Chip to find out how they could arrange security for the event. Chip arranged for his WAMBO (evening) security squad to supervise the gate and the limos. The event went very smoothly without incident, thanks again to Chip.*

“ *I used to own the subtime on nelson st and there used to be parking meters in the front of the store. Chip and another gentleman had parked in the front of the store but while they were about town business (the police station was at the clock tower then) the metre had run out . I did not notice this until the meter man had already slid it under the wiper. I had watched many people swear and stomp and even tear up the tickets so i watched with curiosity to see what Chip would do. When they approached the car Chip noticed the ticket and gently took it from under the blade and smiled .the two men laughed and got into the car and drove away. now i dont know if Chip was able to get that ticket cancelled or not but i will always remember his reaction to it. I will always remember the way he shrugged his shoulders as if to say " well i did deserve it". thanks for all you and your family have done for this town. thank you for sharing Chip with us .May God rest his Gallant soul. sincerely patt welter*

“ my brother-in-law made me laugh. This one time they came to visit while Tom and I were living in Albuquerque. Our Volvo was a sports-model with a real short door opening to get into. You basically had to fall in and duck your head under the frame. Chip would do the "falling" but he could never do the "ducking". So inevitably, he was sitting there banging his head into the roof of the car 4-5 times each time he got in - stuck in motion like a test-robot. When they left to go home, the last thing he said to me at the airport was "I don't think I'll be buying a Volvo in the near future". Eleven years later, he still called himself the Volvo substitute test dummy. That's the Chip I want to remember - the one who always found something to make me laugh. You're in our thoughts Chip.
