“ My dad let me drive on the Island when I was 13 - I'm not sure he  
had a valid license, but he was patient and kind. I'll miss you until  
our spirits meet again.

“ I remember a time when he stopped by to  
visit us, he looked at Niikon and say “Woot at  
me”...he always said this to him when he saw  
him, because as a young child, Niikon  
couldn't pronounce his “L's”...and Bobo would  
always chuckle after he said it 🤔

“ I remember not long after you, Jess and Ziya moved in the complex and Ziya saw us so she was walking towards us as you followed her and we met her half way. We walked her back as you followed her still, my girls were asking me "what happened to his leg?", I told them they had to ask you.

They asked you and you said "you went swimming in the river and a shark came up and ate it", we started laughing and one of my girls looked at us both and said "see mom, there is proof right there that there are sharks in the river".

We started laughing more, I said "damn Bobe".

And then I told you the story about the girls talking about sharks being in the river. That day was a good laugh.

You sur will be missed by so many especially your children.

Baamaapii cousin, until we meet again.
