“ I have very fond memories of Donnie, he was a frequent visitor to my office especially on the days that Bella came to work with me at Copper Terrace. I will always treasure the memory of the bond that Donnie and Bella shared together. Bella always sensed when Donnie was on his way to come see her and he loved his special job of brushing her when she visited. I used to tease Donnie that he must have left some of his meals on his face since Bella always like to give him kisses and wash his face. The roaring laugh that came out of Donnie when she did that always made me laugh right along with him. I will miss you Donnie very much and so will Bella. My deepest sympathies go out to the entire Parent family.
