“ Yo, What's up gov? I miss you and I love you.  
I wish you had more time with us and I know that there are mysteries unsolved, this is a messed up situation but, I will never forget the labor you have put in to make the rez what it is today. We all owe you a great gratitude that cannot be expressed and if the Anishnawbke people would stop to think, and stop trying to rob everyone else of their money and belongings, then, and only then, could we become what you had wished for... "A Family". I want you to know that I understand how much you love our community of Walpole Island but, we both know that the leaders, and family are lost in the whirl wind of this system that has divided us on levels no one can imagine or see.  
Thank you for showing me that even the closest people to me, can, and will turn against me.  
The fight that our ancestors won for us to be Free has been lost within our own communities and families.  
MY DAD "THE GOVENOR" Was built a fighter, he lacked Family/community Support, only because some are scared of the fight or they are victims to the system.  
Our people are locked up on reservations fighting and lying to each other over the crumbs we are given, but the "GOV" always told me that "family is #1". but, I guess our chiefs, councils, and who ever else are in charge of our reservation/family cannot see or understand that..  
THE GOV always told me that "God is above all"  
THE GOV was not a liar or a thief and the only thing i found him guilty of, is being himself. he always said what he wanted, and he always did what he wanted, but that's why he lacked the family and community support.  
I love each and every friend my dad had and I know who my dad's real friends are...  
May god bless all of you that know him.

“ *I will miss Teeb's laughter and our conversations. I enjoyed our time together when we had our visits or chats along the way. Growing up with brought many good memories. When we were young I liked his 60's look. Pointed shoes, straight blue jeans and the slick hairdo with the curled bun in the front. He was " THE GOV" RIP my good brother. You are now reunited with our loved ones that went before us.*
