“ *To Gary's Family*

I am sorry to read of your Dad's passing. He worked at Siemens, as did my husband.

They became close friends, and had a special bond with each other. They enjoyed the same type of interests and jokes that they played on each other.

Like when your Dad had just purchased a new smaller car. When he went to leave work one night, he couldn't find his car. Some of the employees had placed a large container over it.

Maybe they will still be playing jokes on each other, where ever they are.

RIP Gary.

“ Condolences to the Badder family - Mark, Dave, his daughter in-laws, his Grandchildren and Great Grandchildren. Gary was 100% a family man. Always went out of his way to have a meaningful conversation, with everyone he went across. Gary was/is so very proud of each and everyone of his family members. Just 5 months ago, he and I had about an hour long conversation about how everyone was doing. Gary talking about his Great Grandchildren, he had a prideful glow that was just so clear that he was so absolutely proud of his family. I will never forget, when I was like 11 or 12, Monica and Gary took Mitchel and I to Rondeau Park to see the animals. It was such a memorable and good day trip. We went out for dinner and then back to their place for a sleepover. Gary was one of the most honorable men, working hard for everything that he earned and putting his family above the rest. May God watch over him and carry him home to Monica and Mike. Love, comfort and peace to those left behind.
