“ *While I taught high school for 30 years, my FAVOURITE job I ever had was working with Jean at the Post Office. Before I even started to work there, my Mom said that “ I was going to get work with Jean. She’s smart and funny”. ( they attended high school together) Was my Mom ever right! She was a reason to look forward to going to work. Fun, funny, kind, intelligent and a life-long friend. She ALWAYS made me laugh and I always loved running into Jean. The world just became a little darker and lot less funny.*
