“ I am so sad to hear this news about Jill. Mike and Jill were good friends with my parents in the UK, Mike and Dad worked together. I would babysit Adrian and Damian and I have lots of memories of days out all packed together in Mike's car. As a teenager I loved staying at their house and would look up to Jill and I loved staying at their house. I came over to visit with a friend for a few weeks in 1981 and had a fantastic time as an impressionable 18 year old really excited to be in Canada. As part of the trip my friend and I went to New York for about 5 days and found it really overwhelming so we called Mike and Jill in a panic. They rang back that night having worried about us and looked up flights back but by then we had settled in and weren't scared anymore. Jill was special to me in my teens as she was a bit younger than my parents and took me and my worries seriously. I don't know if she knew the impression she made on me as I was growing up but it was very important to me and I will always think of her and thank her for that. Love and blessings to Mike, Adrian, Damian and the family. xxx

“ Dear Mike and Family - Tom and I cannot express how sad it makes us to learn Jill has passed . You 2 made an awesome and fun couple . When Tom and I stayed with you it was almost like being home as you both made us so comfortable . We shared many meals and many laughs and have often referred to the fun we had together . Sadly you never did make it to N.S. so we could return the hospitality because we are certain the good times would have continued . Hold your memories of your wife and Mom close in your hearts as we know you will do just that . It really does help . Love from Tom and Linda
