“ Jody we lost track of each other as we grew up but we reunited on facebook. I love the time we spent together running with my sisters statuses. All someone has to do is mention your name and stories start and everyone only has good things to say about you. You were a loving caring person with a heart of gold. You will be missed by many but never forgotten

Perhaps they are not the stars, but rather openings in Heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy. ~Author Unknown
