“ I remember .Lewy back in the early 1970,s when he live on the Aamjiwnaang Rez.while he was attending Lambton College . One day on one of my birthdays Lewy built me a bike , my very first two wheeler with a white banana seat., huge handle bars, and the bike was painted all with gold spray paint. one day after school Lewy.asked to come outside that he had something for me. So off I went and there stood the most coolest bike you ever saw..Lewy then put me on the white banana seat and with one big push off I went and all I hear was..KEEP PEDDELING and dont stop , thinking he was still hanging on.I looked behind me and wouldn't you believe it no LEWY..LOL..off I fell , and Lewy.put me back on the banana seat and off I went again. and to this day I haven't stopped peddeling. Awww..Good Times .I never forgot that day with my friend Lewy..
