“ I have a memory of a bright and always cheerful personality who was always of a giving nature in Secondary school. Her smile and her face and soul will always light up the heavens. This earth has lost a great personality that should not be forgotten ever.

“ I worked closely with Linda for over ten years at the Innovation Centre in Waterloo, through many many board presentations, educational events across Canada and budget cycles. I cannot think of a more pleasant, even tempered, positive professional who I have ever had the pleasure of working with. Throughout the stressful situations arising in those years, I never once heard Linda raise her voice or lose her smile. Deepest condolences to Bob and family.
