

Mackenzie 'Mac' Swan

February 8, 2022

It is with the heaviest of hearts that we announce the unexpected passing of Mackenzie 'Mac' Swan on February 8, 2022 at the age of 29. He will be forever missed and remembered by his soul-mate Jay Miller and daughter Natalie. Son of Nancy and Hugh Swan and dear brother of Bradley (Caitlin) and Brett all of Alberta. Mac's joking and fun-loving nature will be cherished by Michael, Kolade, Rebecca, Adam (Jill) Miller and his Mumzy Jan Miller. He had a love of cooking and baking, but his real passion was for nursing. Anyone that knew Mac knew when he talked nursing.....you'd be there for a while. Mac was a proud Registered Nurse in the ICU at LHSC – Victoria Campus as well as at Bluewater Health. He will be missed by all he worked with. His cremation arrangements have been entrusted to HAYCOCK-CAVANAGH FUNERAL HOME, 409 Nelson Street in Wallaceburg (519.627.3231). If you desire to place a donation in Mac's memory to Canadian Mental Health, it may be left at the funeral home. Shared stories and tributes may be left on his tribute wall at www.CavanaghFuneralHome.ca

“ Mac, here we are, Feb 8th 2023 - a whole year without you. There are days I ask myself how I'm doing this without you and there are days I still hear your voice. There are still days I ask myself what if?

I have flashbacks of our hikes around Cochrane, AB... I remember our trip to Tofino and Whistler with Adam and Jill, that was so fun, finally getting our feet in the ocean together... I remember our late-night drives just to go get a coffee when I came to visit... I remember our walks together even though we were province's apart, we would get on the phone, talk and walk for hours (one time nearly 20kms) while you ran from deer on the paths you were walking. I remember when I flew there and you always met me at the airport with roses. I remember when I was able to fly all the way to Calgary, uber to Foothills Hospital where you worked and when the elevator door opened, I was standing there while you were on break and the look on your face when I surprised you and you thought I was sitting at my desk in Ontario – that day I will never forget! The truth is, there really isn't a day together I will ever forget. Right up until that night you left to go to work on February 7th, 2022, we met at the door when I got home and you had to go to your last night shift for that week, you said see you in the morning... but you never came home.

I miss your smiles, I miss your excitement and enthusiasm whenever we were going on an adventure, I miss all of you. I'll always remember it all and while I know you're at rest now, I think of you all the time. You're gone physically but you're always near in my thoughts. Everyone misses you and I'll continue to keep you in my heart because I know I will see you again. With love...

“ I dreamt about you this past Sunday night, you and I were driving somewhere in the Gladiator. We were talking about how you're finally at peace and free from your struggles and pain then got talking about the urn I bought you and how you loved it since the color matched your Jeep. It was weird because we were talking and I said wait a minute, if we're talking and you're driving the Jeep who is in this urn? Then I woke up smiling, it was so real it's like it was real life. Within seconds I realized it was a dream and while amazing, I miss you so much. Your absence and the questions I will forever ask myself will forever go unanswered. I miss you and would do anything to have you here. It's a struggle everyday.

“ it's been a month to the minute since we received your email. I have no idea how i've done it, but here we are... I'm sitting at the kitchen table, waiting for you to come through the door after work but I know that's not going to happen. I'm still hoping to wake up from this nightmare, but I know I'm living the saddest reality. We all miss you so much and in reality I'm not doing great but I've got that brave face on. Natalie and I talk about you a lot. I hope you continue to watch over us every day. She really wishes you'd be at her dance recital again, front and centre just like we were last time. We hope you're there again, in spirit watching her do her thing on the stage to make you and all of us proud. I know she won't forget the hug you gave her after the recital last year and told her what a great job she did, I'll give her two this year, one from you.

“ A bouquet of roses for you Mac and lots and lots of love...Mac is a gentle soul, he helped me in the garden years ago when the family came to spend time in Nature and our cabin. With care and sensitivity he helped me attending the garden. I am sure that is the way he attended the patients under his care. He has a smile that comes directly from the heart. He is very much missed...

“ Mac, was a very hard working nurse. We shared the same passion of baking and cooking. I loved macs baking. I so enjoyed working with Mac. He was always willing to help. It was also very easy to make him blush. I willl always remember him. I am so sad that he is now an angel. May your soul rest in peace dear Mac. Amber kinney

“ *I knew Mac only a very brief time and was sad to learn that behind those glittery eyes and beautiful smile he lived with such pain. He was an incredible nurse who could navigate patients and families through their most challenging times and a teammate I knew I could count on. His excited hellos and infectious personality will be sadly missed by many. My deepest condolences to his partner Jay and all of his friends and family. He belongs here with us but I hope his soul finds the peace and rest that he sought.*

“ I have only known Mac since September however I had the opportunity to train with him at our new workplace and work alongside him. Mac was such a thoughtful, caring and genuine person! He was the first person I'd go to if I had something exciting to share or if I even just needed advice. He was a exceptional nurse who loved sharing his passion and knowledge with everyone around him. Mac was wise beyond his years and I'm so grateful I was able to share his friendship, even if only for a few months.

It is with a heavy heart that I send my love and sympathy to Mac's family and friends. My family is praying for everyone who was impacted by the loss of such a beautiful person.

“ I was very fortunate to know and love Mac, one of the kindest souls that I have ever met. I still remember the May long weekend “Mens” fishing trips I still laugh remembering when Mac and a couple of the other non-fishermen decided to go out on their own, well they caught fish, but once they hooked them they didn't know what to do when they got the fish reeled into shore, none of them wanted to touch it. Hahahahaha. One of the many fond memories I have. He will be dearly missed by our whole family. We love you Mac!!!
