“ *To the Moynihan Family:
It is with great sadness that we have received the information above today. Our family wishes to send our deepest regrets on the passing of Marie from all our lives. Speaking on behalf of myself I have many fond memories of Marie during my younger years in Wallaceburg. When Mike and I would bring strange things home from the bush and when we tried to raise some rabbits in the backyard she would always have the patience and understanding to deal with the situation. There were always numerous children around the house and she always dealt with everyone in a kind and gentle way. In my later years I did move away but I believe her character was the same for her extended family. She will be missed by all that knew her well.*
