“ I have happy memories of visiting Fern at the farmhouse and always being made very welcome. We used to go for walks along by the river and argue about who was the taller - we were both under five feet! We were mutual grandparents of Debbie and Bill's children and she loved to have them visit. When Lloyd became ill Fern was a devoted and loving caregiver until the very end. Rest in peace my friend. My deepest sympathy to all the family. Connie Semple.

“ My two fondest memories with my Grandma Branton are first coming to visit the farm with my mother. My mother and grandmother would sit in the kitchen for hours, drinking coffee and talking. I would ask to join them for coffee so grandma would make me a cup of tea. She made me feel included and all grown up. My second memory is of one day I asked her about when she was young and she told me a story about when she was young her and a friend traveled to Toronto. She was very excited about the trip (I could tell by how her eyes lit up while she told me the story). Her and her friend got lost at one point but approached a policeman for help and got home safe. I am going to miss her terribly and the farm will never be the same again. A part of my life is over now and I am left with many treasured memories.
