“ *I remember from High school and Dominion Store. We were both cashiers. I'd see her quite often in different aspects of our lives and when we got together at any point it was like yesterday we last spoke. My heart breaks for all of you. She was so proud of each and everyone of you and her love for all of you was incredible. Physically she has left but she is and will always be around you all the time.*

“ *My dear friend Pammy, I cannot believe you are gone. A shock to my system. We were best buddies and were each other's first roommates way back in the day. I am so sorry we never got together...God speed my friend until we meet again.*

“ Honoring this special lady who has been a part of our life for more than 25 years through her wonderful son. Even though we didn't live close, we embraced our shared family.

Who has been a beloved 2nd mother to my daughter and her love for long telephone conversations, a connection and a closeness with my girl that I'm so very grateful for.

To our Son In Love Ryan Murrell , our Daughter Court Ney and our Grandchildren Bailey (Emma), Lilly (Nick) and Mikey ...

A Mother & Grandmother's love never leaves; it lives on in every heart she touched. She is the quiet keeper of family love, and her light will never fade. Her light and love lives on in each of you... her brightest stars ❤️👉💕

We offer our sincere condolences and heartfelt sympathies to her beloved husband Rick & Family, Wendy, Cathy, Leigh-Ann, Michael and extended families and friends. 💕💕

“ Rick, Ryan, Wendy, Michael, Sally and all the families, so wonderful Pam had the opportunity to spend time at hospice with everyone before she passed on. We had so many wonderful memories of her stories at Wes & Norma's at Christmases, and in Scotland for Rick & Warren's 80th birthday celebrations. She was full of vitality & verve. Please know you will all be in our thoughts & prayers this week and in the anniversaries of her life ahead. With love, Kara Smith & Rodney Hetherington xo
