“ *My heart is with you all. Your dad was so very kind to me when I came to visit, and I enjoyed hearing his stories, jokes and keeping in touch at the holidays. I am forever grateful for the help he gave me finding out about my Canadian cousins, and the stories he told of my great-grams. As I search for memories of our family, he will always be in my thoughts. Love Coleen Shaull*

“ To the Crowe Family:

*This may be lengthy, but from someone who was very close to your Dad and your family. Growing up, Russell was almost like a Dad, he taught me about being a farmer, even though I was not. He always seemed interested in what I was doing and how my family was. It felt so much like we were important to him and his family. I was best friends with Keith and spent an awful lot of time on the farm. I was allowed to drive the tractors and assist with farming, it was some of the best times of my life! Kicking corn through the wagon door or cleaning cow manure, it could not have been a better experience. I thank Russell so much for allowing me to do that! Through the years after I moved away, he always made sure to come over to visit at my Dad's, or insisted we stop over. He would tell me to get in his car and take me for a ride showing the crops and asking me about my family, Florida and my job. My kids asked about Russell on my trips back and how he was doing. They knew how important he was in my life, and when I talk to my Dad, Russell was normally a part of the conversation. My deepest condolences to the family. You are in my prayers and thoughts. I can speak for my Dad that this is a great loss. But also know the great impact he made on our lives. His life is to be celebrated.
God Bless you all!*
