“ Toni here, I can remember one time Susan came to stay at the farm for a few days. She was a real nut in some ways. There was this rooster that used to chase people around the yard and he seemed to know when someone was scared of him. He started chasing Susan around and the rest of us laughed so hard as he chased her around with her screaming her head off that it was going to kill her! She and I had some good times on the farm even though she was several years older than I was. Joe, Judy and Al, I am so sorry that you have to go thru this. Trust God thru this and He will help you!
